Dear Mr. Duarte:

I am writing this letter to thank you and your colleagues at Envisage Media Group for the services you generously donated to help promote the Holly Trolley. As you know, the Holly Trolley is an innovative transit service that my office – in a partnership with the Hollywood Chamber of Commerce and the Los Angeles Department of Transportation – has initiated to address traffic and parking problems within the booming Hollywood Entertainment District.

The video clips that Envisage Media created for the Holly Trolley were – and still are – a tremendously important tool for us in promoting the Holly Trolley as a sleek, sexy, and fun transportation option and not just a typical transit service.

Again, thank you very much for your kind donation, which I understand was the equivalent of \$23,733 worth of services. It was our great pleasure to work with Envisage Media and I truly appreciate your generosity.

Sincerely,

ERIC GARCETTI
